LEAK STOP / PLUG N' DIKE

Plug n' Dike is a non-toxic material, which forms an immediate seal to control flammable and/or hazardous leaks and spills.

- No surface preparation is necessary.
- A combination of high water absorption polymer in a bentonite base
- Produces a seal against penetration of fuels and chemicals
- Perfect for temporary repairs to drum or tank punctures
- Plugs up to 5 feet of head
- Sticks to dirty, rusty, greasy surfaces.
- All of our Plug n' Dike products are premixed with antifreeze.

It has been used for over 20 years by fire departments, transportation companies and industrial operations.

Simply take a handful of premix and apply directly over the leak.

Plug n' Dike makes a great addition to any Spill Response Kit.

Please [contact us](#) for further information on this product.
